The Honorable Rosa DeLauro
Chairwoman
Committee on Appropriations
Room H-307, The Capitol
Washington, D.C. 20515

The Honorable Kay Granger
Ranking Member
Committee on Appropriations
1036 Longworth House Office Building
Washington, D.C. 20515

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for North Attleborough's Ten-Mile River Dredging Project to Mitigate Flooding.

The entity to receive funding for this project is the Town of North Attleborough, located at Whiting Street, North Attleborough, MA 02760.

The funding would be used to dredge the entire 9,200-foot length between Whiting's Pond and Falls Pond, includes two State maintained culverts, re-establish two small overflow ponds and repair stone walls. The Town has prioritized this issue in the Town's approved Hazard Mitigation Plan and this mitigation project is the greatest priority in the Town's Municipal Vulnerability Preparedness Plan. The overall goal of this project is to restore the riverway's capacity and abate systematic flooding in the downtown area that has caused repetitive damage and safety issues as both the Fire and Police Departments are adjacent to the River and could be delayed due to flooding that makes main roads impassable.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,
