The Honorable Kay Granger
Ranking Member
Committee on Appropriations
1036 Longworth House Office Building
Washington, D.C. 20515

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for Plainville's Critical Water Needs.

The entity to receive funding for this project is the Town of Plainville, located at E Bacon St, Plainville, MA 02762.

The funding would be used to meet current and future demand; the water treatment plant must be expanded to twice its current capacity. This funding will allow for planned development including The Reserve at Heather Hill, a 384-unit residential complex, and Thermo Fisher, a life sciences manufacturing facility, within the Town to continue. Without the additional treatment capacity, the Town would be forced to halt approval of housing and business expansions. By doubling capacity at the plant, the Town would be positioned to provide water to planned housing and business projects to allow them to proceed for at least 10 years.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,
