Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for "Replacement of the Pleasant Street Bridge over Muddy Cove Inlet" in fiscal year 2023.

The entity to receive funding for this project is Town of Dighton, located at 979 Somerset Avenue, Dighton, MA 02715.

The funding would be used for the complete replacement of the Pleasant Street Bridge in approximately the same location as the existing bridge including reconstruction of the Pleasant Street and Muddy Cove Lane approach roadways. Also included is the installation of appropriate traffic safety features and local drainage system improvements. The project will also review opportunities to realign the Pleasant Street / Muddy Cove Lane intersection. The project is currently authorized to the 25% design stage including environmental permitting, hydraulic analysis and report, subsurface exploration and geotechnical report, and submission to MassDOT for their initial review.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

**JAKE AUCHINCLOSS**  
Member of Congress
