The Honorable Kay Granger
Ranking Member
Committee on Appropriations
1016 Longworth HOB
Washington, DC 20515

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for "Millis Water Supply PFAS treatment planning, design, construction" in fiscal year 2023.

The entity to receive funding for this project is the Town of Millis, located at 900 Main Street, Millis, MA 02054.

The funding would be used to design/construct treatment upgrades for the D'Angelis Water Treatment Plant. The Town of Millis community water system consists of 6 groundwater wells serving over 9,000 residential service connections. Population served includes a significant number of vulnerable customers, including five daycares, four schools, and senior housing. The D'Angelis Water Treatment Plant, which treats Well 1 and Well 2 and supplies almost 50% of the Town's typical pumping demand, has been offline since September 2020 when it was found in violation of new State drinking water regulations.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

JAKE AUCHINCLOSS
Member of Congress
